

CHERRY UNIMOUSE™

ADJUSTABLE ERGO MOUSE

Models may vary from the image shown

Multiply adjustable wireless mouse for individual comfort

The CHERRY UNIMOUSE™ is a joint project from CHERRY and the ergonomics experts at Contour Design. With traditional mice, you need to adjust your hand and posture according to the shape of the mouse. However, with the new CHERRY UNIMOUSE™ this is exactly the other way around: This input device adapts itself individually to your hand and your preferences.

Not only the angle of inclination can be adjusted between 35° and 70°, but also the thumb rest has numerous adjustment possibilities. Mounted on a swivel joint and a removable metal rod, it can be rotated, pushed outwards, bent up or down and much more. So you are guaranteed to find a setting that suits you, no matter whether you have small or large hands. To prevent strains on one particular side, you can switch between different settings during the day.

Do you suffer from RSI (repetitive strain injury – also known as “mouse arm”)? Then the CHERRY UNIMOUSE™ can provide noticeable relief. Switching to an ergonomic, vertical mouse can help with carpal tunnel syndrome, tendosynovitis, ulnar channel syndrome or simply with tension in the arm, shoulder and neck area. But even if you do not suffer from any of these complaints or want to take preventive action, working with the CHERRY UNIMOUSE™ is definitely extremely comfortable, efficient and a lot of fun. You can rely on the design of this mouse. The IGR Institut für Gesundheit und Ergonomie e.V. (Institute for Health and Ergonomics) has confirmed the ergonomics and usability of this ergo mouse with a test certificate.

UNIMOUSE™ is a trademark of the Contour Design Group

Technically, the CHERRY UNIMOUSE™ also has a lot to offer: The optical precision sensor scans the surface with up to 2,800 dpi. If the cursor is too fast, you can reduce the speed to 800 dpi. The included USB receiver means you can enjoy the benefits of wireless freedom. If you plug in the included charging cable, the connection immediately changes from wireless to wired, meaning you can use mouse also without radio transmission. A total of 7 buttons and a particularly smooth-running scroll wheel greatly ease everyday work.

With the CHERRY UNIMOUSE™ you can work in an efficient, comfortable and relaxed manner. Whether you are suffering from painful complaints, want to take preventive action, or are simply looking for a high-quality mouse with numerous setting options: The CHERRY UNIMOUSE™ is your reliable new companion in the office.

Function and performance

- Advanced ergo mouse alternative to prevent RSI, mouse arm and other complaints
- Individually adjustable, comfortable and efficient
- Adjustable tilt angle and thumb rest
- Rechargeable via USB cable
- 7 buttons and a scroll wheel
- Certified by the IGR Institute for Health and Ergonomics
- Can be used as a wireless mouse or cable mouse
- Packaging without plastic

ADJUSTABLE ERGO MOUSE

Technical Data

Mouse

- Scanning: Optical
- Resolution: 800, 1000, 1200, 1400, 1600, 1800, 2000, 2200, 2400, 2800 DPI (adjustable)
- Number of Keys: 7 (5 programmable keys)
- Mouse wheel design: Scroll wheel with key function
- Design: Ergonomic, Right-handed design

Weight

Mouse (without cable):	approx. 141,5 g
Mouse (with cable):	approx. 135,5 g
USB-Receiver:	approx. 2 g
Adapter:	approx. 10 g
USB-/Micro-USB cable:	approx. 39 g
Total weight (with packaging):	approx. 325 g

Frequency wireless

Operating frequency:	2.400 GHz - 2.4835 GHz
Effective radiated power:	max. 10 mW (EIRP)

Transmission range

Wireless:	approx. 10 m
-----------	--------------

Battery type

Rechargeable lithium ion battery, 500 mAh, permanently built in

Battery runtime

Up to 30 days on one full battery charge (depending on usage and environmental conditions)

Interface

Optional via 2,4 GHz Funk or via cable

Connection socket

Micro-USB socket for charging cable

Product approvals

- CE
- FCC

System requirements

USB-socket

Windows 7, 8 or 10

macOS

Delivery Volume

- CHERRY UNIMOUSE™
- USB receiver
- Cable adapter
- USB/micro USB cable
- Operating instructions

Dimension

Mouse	approx. 119 x 76 x 56 mm
Receiver	approx. 19,5 x 14,7 x 6,6 mm
USB/micro USB cable	approx. 200 cm
Cable adapter	approx. 37 x 18,6 x 11 mm
Packaging	approx. 205 x 142 x 70 mm

Storage Temperature

-15 °C to 60 °C, max. 85 % humidity

Operating Temperature

0 °C to 40 °C, max. 85 % humidity

Packaging Unit

Number of products in the master package: 10

Number of master packages per pallet: 24

Warranty

We put a lot of dedication and hard work into the development of our products and we are proud of their quality. This is why, in addition to the statutory guarantee mentioned in the operating instructions, we are granting an expanded manufacturer's guarantee that is subject to the conditions stated below.

For the first two years after delivery, the statutory warranty applies. In the third year after delivery, CHERRY voluntarily grants an additional warranty according to the following conditions ("extended warranty"). In the event of a defect, please contact the seller of your CHERRY product. Do not carry out any repairs on your own and do not open the product. There is no warranty if unauthorized changes to the product cause a defect.

Conditions for the extended warranty

In the case of a defect after the first 2 years after delivery of the CHERRY product, CHERRY grants its customers for the additional period of one year the right to assert claims for cure, i.e. demand that the defect is remedied or a thing free of defects is supplied.

The extended warranty is to be asserted against the seller of the CHERRY product upon presentation of the original invoice, proof of purchase or a comparable proof of the time of purchase.

CHERRY, and the seller of the CHERRY product, where applicable, shall remedy the defect in the event the customer has justified claims for cure under the terms of the extended warranty.

Excluded from the extended warranty are damages caused by improper use, in particular by the effects of chemical substances, other damages caused by external influences, as well as normal wear and tear and optical changes, in particular discoloration or abrasion of shiny areas. Also excluded from the extended warranty are accessories and other parts which are not an integral part of the purchased item.

Errors, technical changes and delivery possibilities excepted.
Technical information refers only to the specifications of the products. Features may differ from the information provided.
